

Chicago: Farming on the Edge

1. What three factors have accelerated urban sprawl?
 - A.
 - B.
 - C.
 2. Full-fledged employment sub-centers far from a central city are called _____.
 3. What valuable natural resource is lost during much urban sprawl?
 4. What necessary buildings and desired conveniences will be located in the newly built edge city?
 5. Why don't business sub-centers need to be physically located near the CBD?
 6. What two layers of the GIS help plot the use and loss of farmland around Chicago?
 7. Why is Margot Brown a hypocrite when she describes her fear for the future of Marengo?
 8. What is the value of the farmer's land at the time of the video? (it's even more now)
9. If you missed the answers to number 1, the video will revisit them now.
